

ENABLE EXERCISE #6

Creating a SMART Development Implementation Plan

Choose one goal identified in the previous exercise and create a SMART development goal using the following outline:

<i>Specific Goal</i>	
<i>Measurement</i>	When I achieve this goal, I will know I am successful because: Other people will notice the following difference(s):
<i>Actions</i>	What actions will I take? What will I do differently?
<i>Reality Checklist</i>	How is this goal achievable? Why is this goal important? What resource(s) do I need?
<i>Timeline</i>	When will I start? When do I expect to meet my goal?
